Subject: Approval of Fiscal Year (FY) 2023/24-2026/27 Statewide Transportation Improvement Program (STIP) and Statewide Planning Finding

Dear Secretary Perdue:

The following is in response to the Florida Department of Transportation's (FDOT) August 14, 2023, request for approval of Florida's FY 2023/24-2026/27 STIP, and transmittal of the FY 2023/24-2026/27 Transportation Improvement Programs (TIP) for Florida's 27 Metropolitan Planning Organizations (MPO) for our review, which includes the approval for the MPO TIPs and the certification of the state planning process. Our various metropolitan and statewide planning process findings and actions are summarized below:

- 1. Metropolitan Transportation Planning Processes and TIPs:** Based upon our review of the annual "self-certification" statements jointly developed between each of the MPOs, the Department, and our joint certification reviews of Transportation Management Areas (TMA) during 2022, we hereby determine that the FY 2023/24-2026/27 TIPs developed and adopted by Florida's 27 MPOs are based on a continuing, cooperative, and comprehensive planning process. We also hereby conclude that the content and elements of each of the TIPs generally satisfy the requirements of 23 U.S.C. 134, 49 U.S.C. 5303, 23 CFR Part 450 (Subpart C), and 49 CFR Part 613 (Subpart C).
- 2. Statewide Transportation Planning Process and the STIP:** 23 U.S.C. 135(f)(4) and 23 CFR 450.218 require that the Federal Highway Administration/Federal Transit Administration (FHWA/FTA) approval of the STIP include a finding that the process from which the STIP was developed is consistent with the provisions of 23 U.S.C. 134 and 135 and 49 U.S.C. 5303 – 5305. This "annual assessment" of various aspects of the statewide transportation planning process has been a key source of information in supporting this FHWA/FTA statewide planning finding.

On June 28-29, 2023, a meeting was conducted with various members of your staff to discuss Florida's statewide transportation planning process. Enclosed for your reference and information is a copy of the summary report that concludes that the statewide transportation planning process largely satisfies the above requirements. We recognized 4 noteworthy practices and offered 5 recommendations for FDOT's consideration to improve the program.

In summary, our review of the STIP, TIPs, and supporting documentation concludes that the FY 2023/24-2026/27 STIP substantially meets the process and content requirements of 23 U.S.C. 134 and 135, 49 U.S.C. 5303 - 5305, 23 CFR Part 450 (Subparts B and C), and 49 CFR Part 613 (Subparts B and C), including the provisions on public involvement and fiscal constraint. Therefore, on behalf of both agencies (FHWA/FTA), Florida's FY 2023/24-2026/27 STIP is hereby approved.

We look forward to continuing our coordination with FDOT, the MPOs, the local/ regional transit service providers, and Florida's other transportation stakeholders in further implementing the various transportation planning and environmental provisions in federal law.

Re: Approval of FY 2023-24 through FY 2026-27 Transportation Improvement Programs

Dear Mr. Christian:

The Department has completed the review of the Transportation Improvement Programs for Florida's 27 Metropolitan Planning Organizations and has concluded that all are consistent with federal and state law. Although federal law requires a four-year Transportation Improvement Program, Metropolitan Planning Organizations in Florida, per 339.175(8)(c)(1), Florida Statute, are required to develop and approve a five-year Transportation Improvement Program.

Through the authority delegated by the Governor, I hereby approve the Transportation Improvement Programs for the Metropolitan Planning Organizations in Florida. These Transportation Improvement Programs will be effective upon the joint approval of the 2023 State Transportation Improvement Program by the Federal Highway Administration and Federal Transit Administration. Per Title 23 450.218(b), Code of Federal Regulations, all locally funded projects contained in the Transportation Improvement Programs are incorporated by reference into the State Transportation Improvement Program.

The required Florida Department of Transportation District Secretary certifications are included as attachments, as well as the additional required certification documents. If the Department can be of further assistance in providing additional information, please contact Mr. Mike Neidhart, Statewide Metropolitan Planning Administrator, Office of Policy Planning at 850-414-4905.

Sincerely,

SUBJECT: Certification of Projects for Federal Fiscal Year 2024

In accordance with Title 23 United States Code (USC) Section 134 and Title 23 Code of Federal Regulations (CFR) Section 450.336 and 450.326, I certify that the projects in this District's Five-Year Work Program have been developed consistent with the Department's goals and policies as defined in the statewide transportation plan (i.e. the Florida Transportation Plan).

I further certify that:

1. All projects carried out within the boundaries of each transportation management area with Federal participation, pursuant to Title 23 USC, are selected by the State in cooperation with the Metropolitan Planning Organizations (MPOs). MPOs in transportation management areas, in consultation with the State, select projects for implementation from the approved Transportation Improvement Program (TIP), with the exception of National Highway System projects.
2. Projects undertaken in areas of 50,000 to 200,000 population have been selected by the State in cooperation and/or consultation with the MPOs and are in conformance with the TIP for each area.
3. Projects undertaken in areas of less than 50,000 population have been selected by the State in cooperation with the affected local officials.
